WALL-STRIP BROCHURE SYSTEM

Based on the AP1522 single A4 brochure holder, this system is supplied in a kit with all components for providing a smooth and even presentation for displaying literature on a wall surface.

AP1528 - Complete kit for 16 x A4 brochures. Each kit contains:

- ① 1 x AP1535 - Aluminium wall strip - 950mm (L)
- ② 32 x AP1531 - Joining clips.
- ③ 4 x AP1530 - Back support brackets.
- ④ 16 x AP1522 - A4 brochure holders.
- ⑤ Purchase AP1533 dividers if required to divide pockets into double DL.

ADJUSTABLE SYSTEM

A superb, innovative method of displaying literature, calendars and thin packaged items. Can be set up to display any size material with the added bonus that single pieces can be added on as required, with each additional element creating a 3 pocket display at less than half the cost of a standard brochure holder.

AP1535 - Aluminium wall strip 950mm long

AP1537 - Individual pocket clips on to aluminium wall strip

FREE STANDING BROCHURE HOLDERS

Quality chrome-plated base and pole with A4 acrylic brochure pockets that can be placed right with your product for maximum impact.

Ideal for catalogues at store entrance.

AP1557 - Single pocket.

AP1558 - Double pocket side by side.

AP1559 - Double pocket back to back.

CAROUSEL BROCHURE SYSTEM

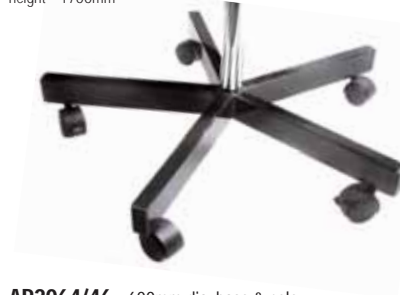

CAROUSEL BROCHURE SYSTEM

- The TAYMAR carousel brochure system is a totally free-standing system that allows you to select from a range of pocket sizes and combinations to suit your requirements.
- Crystal clear injection-moulded plastic brochure pocket make your brochures stand out.
- Assembles in seconds - just follow these simple steps:
 - 1) Choose your base & pole combination
 - 2) Choose your brochure holder requirements. Individual levels simply slide on to pole and are retained with a pole clamp.
 - 3) Select a top signholder for a branding message, if required.

METAL STAR BASE & POLE

Heavy duty fully welded construction including nylon hooded castors & 38mm chrome pole. Pole height - 1600mm overall height - 1700mm

AP2064/46 - 600mm dia. base & pole.

CHROME BASE & POLE

Chrome plated steel base with pole.
Pole height - 1600mm (may be cut to length).

AP1551/56 - 450mm dia. base & pole.

AP1552/56 - 350mm dia. base & pole.
(not recommended for brochure holder application)

SIGN HOLDER

With fitting to slide into top of 38mm chrome tubing. Acrylic sleeve chrome channel.

AP1550L - A4 Landscape

AP1550P - A4 Portrait

AP1554L - A3 Landscape

AP1554P - A3 Portrait

NYLON BASE & POLE

Heavy duty moulded black nylon base with 38mm pole.
Pole height - 1600mm (may be cut to length).

AP1548/49
600mm dia. base

AP1548/49
500mm dia. base

AP1555B
Push-in braking castor
for nylon base. Order
individually - 5 per base).

6-COMPARTMENT A4

AP1540 - Each compartment can be divided into double width DL with AP1533 divider.

POLE CLAMP

To suit 38mm dia. tube. Simply tightens onto tube for your brochure holder to revolve.

AP1540CL

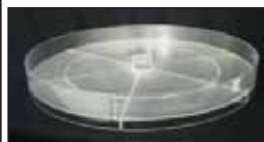

12-COMPARTMENT DL

AP1541

CLEAR TRAY MERCANDISER

Use as a complete merchandising stand with your choice of base & pole, or use individual trays in combination with brochure holders.

AP1543 - Individual tray. Clear injection-moulded plastic. 450mm dia. with 40mm high lip.

6-COMPARTMENT A5

AP1542

12-COMPARTMENT DL

Designed so that top of this module rests on top of the chrome tube. This can be modified so that the unit can slide completely over pole so that you can fit 2 modules per stand. Each compartment can be divided into double width DL using AP1533 divider.

Brochure holder module only. Order your choice of base & pole separately.

AP1545

FABRICATED BROCHURE HOLDERS

- Quality, single piece folded acrylic brochure stands that provide excellent brochure support.
- Substantially cheaper printing costs (where required) as this can be done before fabrication.
- Available in a choice of colours (with small minimums)

WIRE BROCHURE SYSTEM

HARDWARE KIT

- Our new range of wire brochure and greeting card display systems provide an economical solution to displaying and dispensing large numbers of different items.
- Durable and light-weight, the wire construction has the unique advantage of not allowing dust to collect in the bottom of the holder.
- Individual side panels can be made up of various brochure sizes according to your requirements
- Order in easy steps:
 - 1) Calculate your brochure display requirements, ie. what combination of wire panels you need (see pD9).
 - 2) Choose the hardware kit that you will need to support these.
 - 3) Select the base and pole.

WIRE BROCHURE HOLDERS

Our range of wire brochure holders offers several advantages over other forms of brochure display, including:

- Open design doesn't collect dust and insects!
- Robust lightweight construction makes them ideal for trade shows, high traffic areas, etc...
- Economical, especially in larger units

Single Holders

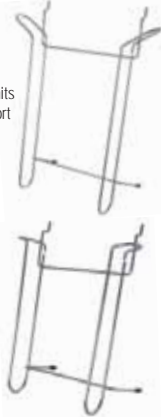

Can be used as either free-standing counter units or for hanging on PLANKWALL with back support that keeps holder at an angle.

CATALOGUE HOLDER

2-piece stand (base frame ships separately) for display of A4 size catalogues, etc... Wire frame prevents brochures blowing away. Incorporates frame at top for displaying laminated signage.

AP1275

Finish - white plastic coated.

WALLSCAPE BROCHURE SYSTEM

When your requirement is for a versatile and economical solution to the problem of high density brochure display, you need to look no further than the WALLSCAPE system.

Offering unparalleled economy and complete flexibility, the system is available in a range of framed panel sizes for convenience or in full sheets for a continuous display. Simply fasten the backing sheet to wall, lock in brochure channels and clip on end brackets and dividers to form your required configuration.

FRAMED PANELS

Grooved wall panel with bullnose aluminium framing. Pricing includes brochure channels and clip-on brackets to suit A4 size brochures. Custom panel sizes are available.

- AP3542** 1150 (W) x 650mm (H) - 3 rows / 5 A4 brochure width
- AP3544** 1150 (W) x 1250mm (H) - 7 rows / 5 A4 brochure width
- AP3582** 2475 (W) x 650mm (H) - 3 rows / 11 A4 brochure width
- AP3584** 2475 (W) x 1250mm (H) - 7 rows / 11 A4 brochure width
- AP3500** 2435 (W) x 1210mm (H) - 7 rows

#3000 SERIES BROCHURE SYSTEM

The #3000 series provides a unique solution for the space efficient storage and display of virtually any brochure size. A4 brochures are supported by a high front while a sculptured front cutout allows for access to small brochures. Clip-on dividers (available separately) ensure an orderly and neat presentation.

A clever design utilises brochure trays that clip into a heavy duty acrylic surround, reducing the risk of transit damage

- AP3010** 230mm (W) x 750mm (H) x 120mm (D) 6 Tier 6 x A4 / 12 DL
- AP3011** 230mm (W) x 1100mm (H) x 120mm (D) 10 Tier 10 x A4 / 20 DL
- AP3012** 460mm (W) x 750mm (H) x 120mm (D) 6 Tier 12 x A4 / 24 DL
- AP3013** 460mm (W) x 1100mm (H) x 120mm (D) 10 Tier 20 x A4 / 40 DL

#1200 SERIES

Close-up view of wall system showing wall bracket assembly, aluminium wall channel and clip-in dividers,

#1200 SERIES

- The #1200 Series brochure racking system provides a universal solution to multiple displays in both wall-mounted or free-standing applications.
- Ideally suited to displaying A4 size booklets, the system allows flexibility in configuration by dividers that clip in to pre-machined slots to separate brochures or, alternatively, brochures may be overlapped for higher density.
- New improved design holds brochures at better angle from the wall to prevent brochures curling over at top.
- Individual brochure trays simply hook onto aluminium wall channel and can be easily removed for cleaning.

CHROME BROCHURE STAND

This stand assembles with standar components to your required combination of brochure holder capacity.

Stand shown with optional signage header panel.
